

ILLINOIS GENERAL ASSEMBLY FINISHED EARLY THIS MORNING

Both Houses Adjourn to Convene Again on June 30th

(By The Associated Press)
BULLETIN.
SPRINGFIELD, Ill., June 20.—Adjournment was taken early this (Wednesday) morning by the Illinois general assembly. The senate quit at 12:45 a. m., and the house at 1:05 a. m., to meet again June 30.

SPRINGFIELD, Ill., June 19.—At midnight tonight both houses of the legislature still were in session awaiting conference reports on several bills amendments to which had not been agreed upon between the senate and house. No major legislation had been passed upon until the Mason child labor bill was called in the lower branch. This measure, which raises the education requisites for children in industry was lost by a 61-45 vote, 77 votes being necessary. It was called despite protest of Representative Browne, Democrat, Ottawa, that it had not been read a second time until 12:05 a. m. Tuesday, the same calendar day that it was called on passage.

Speaker Shanahan sustained the opinions of several members that a "legislative day" may extend beyond a calendar day and then Mr. Browne's protest was formally entered on the house journal.

The senators milled about as midnight drew near, with their calendar almost clean and while waiting for conference reports were entertained with vocal solos. Senate leaders refused to call for passage the house bill extending the life of the house Herring investigating committee and before adjournment was in sight it was conceded that the bill was dead.

Failure of the bill to get any further than the lower branch means that the committee must report on its activities by June 30, when the assembly adjourns sine die. Chairman McCarthy of the Herring committee was indignant at the lack of action in the senate and said that he would have a statement later. He said he had heard rumors that pressure had been brought to bear against the bill but that he had not been able to find the source of the pressure.

ANGLO-AMERICAN AGREEMENT SIGNED

(By The Associated Press)
WASHINGTON, June 19.—The Anglo-American debt funding agreement providing for repayment to the United States by Great Britain of war time loans of \$4,600,000,000 has been formally signed and began its life of 62 years today. Formal exchange of the indentures, the documentary evidence of the agreement, was made between the treasury and the British embassy. The execution took the form of a proposal by Sir Auckland Geddes, the British ambassador acting for his government and acceptance by Secretary Mellon for the United States.

The attaching of the signatures to the indentures brought to an end negotiations that have extended over eight months and constitutes the first binding arrangement yet completed by the United States government under which repayments of its war time loans are to be carried out. Finland, like Great Britain has begun repayments but the agreement with that nation still remains to be given congressional approval.

GREAT TORRENT OF LAVA THREATENING TO ENGULF CITIES

Molten Stream is 800 Feet
Wide and Thirty
Feet Deep

(By The Associated Press)
CATANIA, Italy, June 19.—The great lava torrent from Mount Etna bearing in its flow great masses of earth and volcanic stone is advancing inexorably and has already reached the houses on the outskirts of the town of Linguaglossa. Green fields, orange groves and vineyards have been swallowed up and for miles around the atmosphere is suffocating with volcanic smoke and a rain of black smoke and ashes which is covering the lovely countryside like a pall.

The molten stream is traveling about forty yards an hour and therefore unless the unexpected happens Linguaglossa will go under during the night. Confronting it is a lava bed 800 yards wide and nearly thirty feet deep. Smaller torrents of lava, diverted from the central stream, threaten the villages of Randazzo and Bronte, from which two many tourists make the ascent of Etna. The work of clearing the threatened towns is being carried out with great energy and organization. Discipline is necessary to induce the terrified inhabitants to abandon their beloved homes. Airplanes are being used for the first time to watch the progress of the eruption. Special units of the Red Cross with all supplies, have been dispatched to care for the homeless wanderers and provide food and shelter for them.

Villa Priests bearing crucifixes or the statue of the patron saint accompany the sad procession and encourage the perishing. Sound of Chanted Prayers Heard. The sound of chanted prayers rises above the rumblings of the eruptions and the patter of falling stones and clinders; the stricken people seem in dumb despair hardly conscious of whether they are going, invoking the saints.

The news that King Victor Emmanuel is starting immediately for the scene of the disaster to share their perils and direct the work of rescue has given much cheer to the people. Mindful of the pope's orders all convents and other ecclesiastical buildings have been turned into shelters for the refugees.

The fury of Etna has not abated and the country has been laid waste and presents a desolate spectacle. The lava has spread almost to the sea at one point, between Messina and Taormina and intervening villages have been obliterated.

The glow of the eruption is visible from Naples, 200 miles away, while from Palermo, 80 miles distant, the flames can be seen shooting into the air. The pope has sent a million lire to the relief missions.

FOOD SITUATION IN RUHR SERIOUS

(By The Associated Press)
ESSEN, June 19.—The food situation in the Ruhr reached such a serious phase today because of transportation difficulties that the French military authorities let it become known if it became worse that the forces would haul German food cars from the frontier to several distribution points.

The situation confronting the Germans who have refused to co-operate with the French has been rendered more difficult by lack of motor trucks and gasoline. If the Germans are unable to distribute food by private railroads and automobiles it is understood the French will haul food cars from one point to another over the militarized railway lines.

A report published in German newspapers that the French have requisitioned food cars at Lunen and other towns was denied by the French today.

HEAT KILLS TWO IN CHICAGO TUESDAY

(By The Associated Press)
CHICAGO, June 19.—Stanley Hollandbeck was overcome by the heat today while painting four stories above the city skyline on a building here today and fell to the pavement below. He was dead when bystanders reached the body.

This was the second death of the day in Chicago's heat wave which struck the city yesterday, continued today and which drove the mercury to 91 degrees.

Joseph Ferguson earlier in the day fell in the lake from the East 64th street pier when he was overcome by the heat. He was rescued by a coast guard crew but was pronounced dead when taken to a hospital. Three other persons were overcome during the day.

Peoria, Ill., June 19.—Fifteen hundred veterans of the Grand Army of the Republic and allied organizations opened their annual state encampment here this morning. Practically all day was spent in registration and executive committee meetings.

TURN ONE FOURTH OF WHEAT CROP TO FATTEN LIVESTOCK

President of Armour Company Says Will Turn Loss to Profit

(By The Associated Press)

CHICAGO, June 19.—Turn one fourth of the wheat crop to fattening the livestock on farms and the farmers annual loss will be turned to a profit commensurate with the work of producing the necessities of life, F. Edson White, president of the Armour and Co., declared tonight before the banquet of the National Wheat conference called by governors and representatives of various phases of the wheat growing and marketing industry. Mr. White spoke on the problem of eliminating from the country the annual surplus of wheat which long has been, he said, the bane of the farmers' life. This year, the carry over was in the neighborhood of 170,000,000 bushels; and we were now within a month of the new harvest.

"Feed more wheat" might not be a bad slogan for the farmers of many localities, he suggested. "Hogs and poultry thrive on wheat. In many sections it can be made the base of increased milk and butter production."

Charles Markham, president of the Illinois Central railroad spoke on the traffic problems of the wheat industry. He advocated more scientific marketing.

The conference will hold its second session tomorrow at which Chairman Wallace of the resolutions committee will report. Mr. Wallace, from Minnesota is a brother of Secretary of Agriculture Wallace. Senator Arthur Capper of Kansas, at the afternoon session today urged a nation-wide commodity co-operative marketing organization as the most feasible solution of the present agricultural depression particularly as regards wheat.

President Samuel Gompers of the American Federation of Labor will address the conference tomorrow on the relation of farm prices to wages.

VOTES MAINTENANCE OF EMBASSY AT VATICAN

(By The Associated Press)
PARIS, June 19.—The senate this afternoon voted appropriation for maintenance of the embassy to the Vatican 170 to 113 after Premier Poincare had made it a question of confidence.

In his speech, M. Poincare made reference to the proposed diocesan associations for directing the churches in France saying that the statutes had been studied both in home and in Paris on the initiative of the vatican. He had submitted a draft of the measure to three high jurists who were of the unanimous opinion that they conformed to the laws of France, relating to the separation of the church and state.

CONSPIRACY TRIALS ARE CONTINUED

(By The Associated Press)

Extravagance Charged By Democratic Leader

(By The Associated Press)
SPRINGFIELD, Ill., June 19.—Charges of extravagant and scandalous appropriations supported by the Republicans were made by John P. Devine of Dixon, minority leader of the house in a statement given to the Associated Press tonight as the 53rd general assembly was drawing to a close.

Commenting on the work of the assembly Mr. Devine said in his opinion "the outstanding feature" was the intense bitterness displayed between the Small and Brundage factions of the Republican party during the last few weeks of the session.

"Prior to the veto of the attorney general's appropriations" said Mr. Devine, "the Republicans presented a united front supported extravagant appropriations and the banquet of the National Democrats to investigate the expenditures of the scandalous appropriations of the 52nd general assembly. Subsequent to the veto, but too late for effective work party lines were broken and the Brundage wing of the Republican party joined with the Democrats in an investigation of these appropriations."

"The conclusion cannot be avoided," Mr. Devine added, "that the Republican party when divided is more useful to the citizens and taxpayers of the state than when united."

ROTARY SPEAKERS TACKLE PROBLEM OF WORLD PEACE

Urge Promotion of Spirit of
Good Will As Means
to End

(By The Associated Press)

ST. LOUIS, Mo., June 19.—Increasing the activities of Rotary International to promote a spirit of good will among business men and workers of the world as means of bringing about better understanding between nations and lasting world peace, was urged in addresses delivered by members at today's session of the 14th annual convention of the organization here.

"Educate against war; sow to good will" declared Dr. George O. Fallis, clergyman of Vancouver, B. C. He gave the following methods of attaining this end:

Do all to eradicate the irritation born of ignorance.
Seek to intensify the irritation born of half truths, which means that many nations will have to revise their histories.
Never judge the general character of a nation by the sporadic character of one of its individuals.
Forget past grudges and look to the future.

Professor Victor Andres Belandier, instructor of political science at the University of Lima, Peru, speaking for South America, asked that "more thought be given international life."

"We of South America would ask you to infuse that condition of fellowship deeper into the business men and workers."

"We of South America would ask you to infuse that condition of fellowship deeper into the business men and workers of the United States and South America, so that it would create a friendly relation between the individuals, instead of merely diplomatic relations between the governments."

Rotarians of many parts of the world broke bread with each other at a local hotel, where a banquet was given in their honor. Ten bands which were brought to the convention by Rotary Clubs of various cities of the country marched through the streets today playing marches and popular songs.

FRENCH OFFICERS KILLED IN WRECK

(By The Associated Press)
BERLIN, June 19.—The French Marshal Petain was slightly injured and two officers accompanying him were killed in the wrecking of the Paris-Mayence express last Friday according to the correspondent of the Berliner Tages Zeitung at Frankfurt. Marshal Petain, he adds, was on his way to the Ruhr and Rhineland for a tour of inspection and a parade which was to have been held in Mayence the next day had to be postponed.

ATTACK ON ENGLAND HINTED BY TROTSKY IN SPEECH TUESDAY

Makes Plea for "More Metal in National Character"

(By The Associated Press)

ADD ATTACK ON
MOSCOW June 19.—An attack on England hints of a Russo-French rapprochement and a plea for "more metal in our national character" marked an address by Leon Trotsky, soviet war minister today, before the all-Russian congress of metal workers.

"If an ultimatum is presented to us," he declared, referring to the recent British notes let us create a detachment of airplanes. If a coup d'etat occurs in Bulgaria let us build another detachment of airplanes and if there is a coup d'etat in Persia build more planes."

M. Trotsky said England and Italy had, according to information at hand assisted in the coup d'etat in Bulgaria and the British had aided in the Nationalist overthrow in Persia.

Declaring that Russia's losses in the world war were overwhelmingly greater than Britain's Trotsky added:

"It was for this purpose, perhaps, that Lord Curzon felt strong enough to deliver his ten day ultimatum, it was necessary that the blood of the Russian workers and peasants be shed. This account some day we shall present to the English bourgeoisie."

"England remains true to her traditional policy. In the international war her role was also dictated by her international policy. In reality hers was a provocative role. When the English proletariat opens the safes of the English diplomacy, the records will show the real role of England in the world war."

"It is the same in regard to the Ruhr—if England had not wished France to do so, there would have been no Ruhr occupation. To bring two peoples into struggle while they rest aside themselves, in order to be able to appropriate the results of the English bourgeoisie."

Russia by yielding, saved herself from falling into Lord Curzon's trap, Trotsky said finally forcing the idea into the souls of the British bourgeoisie that Russia wanted peace.

MILLION DOLLAR DAMAGE FROM FLOOD

(By The Associated Press)
OMAHA, Neb., June 19.—More than \$1,000,000 damage to farm crops, livestock, farm houses and railroads was incurred by the flood waters, which for the past three days have swept the Loup and Cedar river valleys, according to special dispatches from the flood centers tonight. The damage to the Union Pacific railroad is roughly estimated by railway men to exceed over a half million dollars, another message stated. The new \$350,000 power dam across the Cedar river at Fullerton was damaged to such an extent that thousands of dollars will be required before it is able to properly function. Twenty miles of trackage was washed out of the Union Pacific road at this point forcing railroad officials to cancel the train operation in this section for over five days.

Twenty-three Boy Scouts, who were marooned all last night and part of today on a small island in the Platte river near Fremont, Neb., when the high water carried out a bridge to the island, were all safely brought to the mainland this afternoon.

PLEADS GUILTY; GETS LIFE SENTENCE

Edwardsville, Ill., June 19.—Felix Sakanevic, 42 years old, of Collinsville, today pleaded guilty to the murder of James Puchkars, and was sentenced to life imprisonment. Puchkars resided at the Sakanevic home and in March Sakanevic shot him, dismembered his body, and threw the parts into a nearby creek. The motive has not been established.

SIGNED STATEMENT PROBABLY WILL BE REQUIRED OF ROUW

Will be Asked to Tell What He Knows in Mount Case

(By The Associated Press)

CLIFTON, Ariz., June 19.—H. H. Rouw, San Francisco traveling man, probably will be asked to make a signed statement covering what he knows of the mysterious disappearance in September, 1921, of Leighton Mount, Northwestern University student, which he disclosed in a conference early today with Charles S. Wharton, assistant state's attorney of Chicago, according to plans announced this afternoon by Mr. Wharton. Rouw picked out five pictures from a group shown him by the Chicago officer and declared that these five men resembled members of the group of students whom he saw lowering a body into an Evanston pier the night Mount disappeared. Rouw said after the conference.

He was unable to make positive identification from the photographs, he said.

Rouw also said he told Wharton that he accepted \$100 from a tall man who seemed to be a leader of the student group on condition that he keep silent concerning the affair.

According to Rouw's story he had gone to Chicago on business and happened to be in Evanston on the night of Mount's disappearance in September, 1921. From a distance of about 40 yards he said, he saw a group of ten to fifteen men approaching a pier. Four of them were carrying a man who appeared to be unconscious. After they had lowered the body thru the pier Rouw said he approached and asked them what they were doing and was answered by a similar question as to what he was doing there. The group of men finally agreed to give him \$100 if he would say nothing, Rouw said, and he accepted it after being assured that there was nothing criminal in their act.

Rouw expressed confidence in his ability to make a positive identification of some of the members of the group if he could see them in person.

SANITARY DISTRICT PREPARING APPEAL FROM INJUNCTION

Says Provisions Would Menace Health of Citizens

(By The Associated Press)

CHICAGO, June 19.—The Chicago sanitary district is entitled to draw 10,000 cubic feet per second from Lake Michigan thru the drainage canal by the terms of the state act and express provisions of the waterways treaty with Canada, William J. Healy, president of the district declared here today in announcing an immediate appeal from the injunction granted the government by Federal Judge Carpenter restricting the amount of 4,675 cubic feet. If the district were forced to abide by the injunction, President Healy said, Chicago's sewage would immediately back up from the Chicago river spread along the lake shore and ruin the city's bathing beaches and eventually reach beyond the intakes supplying drinking water for the city.

"Chicago's death rate before the drainage canal was built and the drinking water purified by keeping out pollution from sewage was more or less of a national scandal," he declared.

"Chicago can go on taking 10,000 cubic feet of water per second thru eternity without affecting the levels of the lakes." The injunction granted by Judge Carpenter does not take effect so that the district may have time to file an appeal to the United States supreme court.

THICK HAZE HIDES GREAT LEVIATHAN

(By The Associated Press)

BOSTON, June 19.—A thick haze rising from the ocean as a result of the intense heat hid the great Steamship Leviathan from the view of those on shore as she weighed anchor in the lower harbor today and steamed off on her trial trip to southern waters.

Guests of the shipping board who sailed as passengers were taken down the harbor to the liner in an excursion steamer. Officials stated that between 500 and 750 guests went aboard. At the close of the trial which is to determine how the giant of the seas will behave after her eight million dollar transformation from an army transport into a palace of seagoing comfort and luxury she will put into New York prepared to go into regular service between that port and Cherbourg and Southampton starting on July 4. A strike of twenty longshoremen resulted from the employment of men from the army base to handle the baggage on the vessel.

William Riley of Ashland was a business visitor in the city Tuesday.

PRESIDENT GOING TO REALIZE HIS DREAM OF YEARS

Chief Executive Always Wanted to Visit Yukon Country

(By The Associated Press)

WASHINGTON, June 19.—President Harding will leave Washington shortly after noon tomorrow on the longest trip of his administration—a trip that will take him across the continent to Alaska, into Canada, along the Pacific Coast to the Panama Canal zone and to Porto Rico, and will keep him away from the capital for at least two months.

The vast territory of Alaska never before visited by a president, is Mr. Harding's goal. Long before he was even mentioned for the presidency he came under "the spell of the Yukon" and since entering the white house he has had the dream of being able to visit the territory of being able to visit territory and study the problems which have arisen there in so great a number.

The itinerary that the president has prepared provides for 14 formal addresses enroute to Tacoma, Washington, where he will board a vessel for Alaska, and for five speeches on the Pacific coast on his return from the territory.

It is expected that many rear platform speeches will be made and that a number of the dinners, luncheons and receptions he plans to attend will bring him calls for brief discussion of some national policy. The first prepared address will be made in St. Louis Thursday night. No definite date for the president's return to Washington has been set but it is expected to be around August 25.

Mrs. Harding will accompany the president thruout the long trip.

On the visit to Alaska the president will take three of his cabinet officers whose departments have to do particularly with the problems of that territory. Secretaries Hoover of the department of commerce and Wallace of the agricultural department will join the party in the west having left Washington in advance of the president and Secretary Work of the interior department will leave tomorrow with the president.

Secretaries Work and Hoover will be accompanied by their wives.

The other members of the official party as announced at the white house tonight include the secretary to the president and Mrs. Christian; Speaker Gillett of the house of representatives; Admiral Hugh Rodman, U. S. N.; General and Mrs. Sawyer; Malcolm Jennings and Mrs. Jennings of Columbus, Ohio; Mrs. Frank Kleier, a friend of the Harding family; Captain Adolphus Andrews, U. S. N.; and Major O. M. Baldinger, U. S. A., naval and military aide respectively. Lieutenant Commander Joel T. Boone, U. S. N., assistant to General Sawyer as white house physician; Judge E. Welliver, chief clerk at the white house; the commissioner of the general land office and Mrs. Spry and W. J. Greeley, chief of the forest service.

SHORT CIRCUIT BURNS ELEVATOR

(By The Associated Press)

VENICE, Ill., June 19.—A short circuit in wires at the elevator of the H. H. Langenberg Brothers grain company here this afternoon resulted in a spectacular fire which destroyed the elevator containing 25,000 bushels of grain, spread to the power plant of the Madison county light and power company and endangered the eastern approach of the McKinley Bridge. Harry Grothpahn, a fireman of Granite City was overcome by heat in subduing the flames. Total damage was estimated at \$10,000.

EARTH TREMORS WERE RECORDED

Washington, June 19.—Earth tremors were recorded from 5:52 to 6 P. M. today on the Georgetown University seismograph, the intensity being reached at 6 P. M.

The center of the disturbance according to Father Tondorff in charge of the observatory, appeared to be in Central or South America. He said the tremors were "rather severe."

The London Times recently ventured the assertion that Englishmen do not regard the word of the Soviet government of Russia as possessing any value. Secretary Hughes, of the United States, said the same thing, in more diplomatic language, some two years ago.

Farmers who heard a lot of argument some months ago about the way in which a protective tariff would increase living costs

are wondering why the aforesaid tariff does not affect the price of grain. Just at present the prices prevailing for wheat are less than the cost of production.

MAY CUSTOMS REVENUES

Customs collections for the month of May last totaled \$52,417,000. The average ad valorem on all imports for the past seven months under the new tariff law has been about 14.5 per cent, the lowest protective rate ever enacted. If we divide this ad valorem into the customs receipts we will have a quotient of \$362,000,000, which will represent pretty close to the imports for May—just about what they were for April, by the way—\$110,000,000 greater than for May 1922 under the Democratic tariff law. How can the Democrats ever explain it? The explanation in part is to be found in the enhanced purchasing power of a prosperous people, and more largely in the fact that the mills are insatiable in their demands for foreign crude materials to be made into manufactured goods. Crude imports fall off under Democratic tariffs because the mills are closed down.

GOOD BUT BRIEF

The National Monetary Association has been in convention in New York, trying to devise methods to stabilize monetary conditions and conserve prosperity. One authority prophesied that the present period of prosperity will be a comparatively short one.

This cheerful forecast was based on the fact that in the past, severe depressions have been followed by shorter periods of recovery than have the slumps which were not so severe, and everybody knows that the last slump was a bad one. On the average, the speaker said, the business cycles of the last 45 years have been of about three years and a half duration, but whether the present good times would run the full course he could not say. The outlook is not so discouraging as it might be, for all the constructive work which business men and financiers are doing toward permanent stabilization is bound to have some good effect. And people generally are doing better thinking along such lines than formerly. But while the experts are seeking the universal cure, it will be well for the individual to follow every day the course which best insures his personal stability in good times and bad.

LABOR AND LIQUOR

There has been a general assumption that organized labor was wholly opposed to prohibition. Samuel Gompers, chief spokesman for the American Federation of Labor, has strengthened that impression by his frequent utterances in behalf of mild alcoholic beverages. Several state branches of the Federation, the Colorado branch being the latest of them, have declared against the Volstead Act. Yet the general view may be far from the truth.

One of the largest labor groups in America, the railroad brotherhoods, are absolutely in favor of prohibition and uphold the present dry regime. The railroad conductors and locomotive engineers go so far as to forbid the use of intoxicating liquors by their members, on pain of expulsion.

A preponderant dry sentiment is found among various other labor unions, however their official spokesmen may talk. Even without any concrete evidence, it would be contrary to common sense to assume that all workmen, because they are workmen, drink or favor drinking. Workmen are the same kind of people as the rest of society.

When they have protested against prohibition, their protest has been based usually on the fact that as matters stand, it is easier for the rich to obtain liquor than it is for them. They object to discrimination. With strict enforcement, affecting all classes alike, they would object less.

Charles Chapman and son Russell were among the Tuesday visitors from Manchester.

MISS PALMER TO WED CHARLES CAPPS TODAY

Ceremony With Limited Company Present Will Be Solemnized This Afternoon.

The marriage of Miss Anna Weir Palmer and Mr. Charles M. Capps will be solemnized at 4 o'clock this afternoon at the residence of Mr. and Mrs. J. Allerton Palmer, 1130 West Lafayette avenue. The ceremony will be said by Dr. R. O. Post in the presence of a limited company of relatives and friends.

Miss Palmer and Mr. Capps will be unattended and just before the marriage service Miss Eloise Capps will play a violin solo. Following a brief wedding trip the young people will go to Wichita, Kans., to reside.

Both bride and groom are prominently connected in Jacksonville and the wedding ceremonial altho so simply planned is of more than usual interest.

Among persons here for the wedding are Mr. and Mrs. James Capps of Toledo, Ohio, and Mrs. Horace Swain of Chicago.

TWO FOUND GUILTY ON ROBBERY CHARGE

The trial of Homer Stone and Charles Jackson, charged with robbery, was held Tuesday before Judge Bush in the circuit court. A verdict of guilty was returned. The defendants were charged with robbing an Illinois college student near the Wabash railroad and West street one night a few months since.

The state's case was presented by State's Attorney Robinson and the defendants had as their attorney Hugh P. Green. Clint Jackson, another of the defendants, failed to appear in court and his bond of \$500 signed by John Easley was forfeited. The jury which heard this case included Raymond Massey, Matthew Wagner, Austin Cokely, Lloyd Zimmer, Frank Wagstaff, V. Ranson, C. O. Morris, J. W. Finch, Arthur Rowland, John Hunter, Sherman Coultas and Thomas Quinn.

AUTOS PLUNGE INTO CROWDED STREET

A freakish accident occurred in an uptown New York street, just off Broadway, when two automobiles tumbled out of the second story window of a garage. Passing crowds returning from theaters narrowly escaped death when a mechanic tried to move one machine and it rammed into another so hard that both were propelled through the window. Picture shows the first machine overturned and the second lying on its side.

Old Jacksonville THE SPANISH WAR OF 1898 (Postscript) (BY ENSLEY MOORE) Member Illinois Historical Society

Jacksonville was so long interested in Co. I, Fifth Illinois Regt., and took so much pride in it that something more should be said regarding that patriotic organization.

It was our longest lived military body.

That April Day in '98. The day Company I left for the war, it was as has been stated already under this heading—escorted to the Wabash station by a goodly number of our veterans.

It was also accompanied by a smaller number of its own former members. The Daily Journal of April 27, 1898, had this:

"Morgan Cadet Veterans" The undersigned original members of the Morgan Cadets, commanded by Capt. William Harrison, hereby agreed to meet at the Dunlap House this morning at 8 o'clock promptly, for the purpose of acting as an escort to Company I to the depot. All past members of the company are invited to join us.

Capt. W. Harrison, William H. Dalton, D. T. Henrich, L. R. Mitchell, Oliver Mason, Charles B. McCool, L. H. Clapp, J. A. Vickery, G. H. Tremblitt, C. A. Barnes, Charles Harrison, N. Broadwell, G. H. Vickery, W. H. Hoover, W. W. Schermhorn, J. C. McBride, S. D. Osborne, D. W. Osborne, W. H. Johnson, C. H. Rutledge, Ben Wood, H. B. Smith, F. C. Taylor, L. Seiberger, G. H. Hinton.

Of these men about half have answered the last call.

It would seem appropriate to give somewhat of the earlier history of Company I.

The Jacksonville Zueves.

This company was organized in 1869, under company of Captain William Harrison, who had been an officer in the Union army. They were dressed and accounted in a striking style when Col. Simer E. Ellsworth made famous in this country in 1858-59. Our Jacksonville company gave frequent halls in Strawn's Opera House and secured means for maintaining their organization. They had drills rooms in the abandoned East Charge Methodist church on East State street, but gave up their organization after a few years.

It was not until 1876 that the next company was formed, and it was under command of Capt. Harrison. "Cap" Frank C. Taylor was one of the first to suggest having this company, and on July 26 the

first meeting was held. Harrison in the chair and Taylor secretary. The ranks were soon reasonably filled up, and the Turnverein hall, northeast corner of North and North Main streets, was secured as a meeting place. The dining hall at the Wabash station was afterwards secured, and then the old frame (Presbyterian) church at the northwest corner of State and Church streets became a military institution. The next move was soon made to Odeon hall and then to the (Broadwell) Masonic temple on South Main street. Next Strawn's hall was secured as an armory, the state helping with the expenses. In 1877 the name of Morgan Cadets which was adopted, was changed to Company I, and the company attached to the Fifth Illinois Regiment of Militia.

THE STRIKE OF 1877.

The new company was just in time to go to East St. Louis with the regiment when, when the great railway strike of 1877 broke out. Cbl. James H. Barclay was commandant of the Fifth at that time. It subsequently served on strike duty several times; went to several inaugurations of President of the United States, and took part in public events in this state.

The Original Roster.

The first list of officers or members had the names of Capt. William Harrison; First Lieut. Benjamin Wood; Second Lieut. W. H. Hoover; Orderly Sergt. John A. Vickery; First Sergt. Frank Lumma; Second Sergt. Thomas Phelps; Third Sergt. W. H. Dalton; Fourth Sergt. John C. McBride; Corporals, Henry R. Knollenberg, Loz R. Mitchell, George H. Tremblitt, Eades Rusk, D. T. Heimlich, George Craven, Sam Osborne and Ed A. Wint rs. There were about forty privates all more or less prominent young men at that time, among them Edward C. Vickery and Frank C. Taylor.

Company I had many of our best young men in its ranks throughout its history, and they were trained and qualified for active service when President McKinley called for them in 1898.

The Journal issued a bulletin and had one in its window headed:

DAILY JOURNAL Victory is Ours.

Cervera a prisoner. His fleet destroyed—and the details of that event were given in brief. This ended the military opportunity of our gallant boys

The Thing You Shouldn't Do

Many people—most people, in fact—do this thing. But they shouldn't. Some know they should not do it, but they go right on doing it just the same.

This, then, is a warning; also a better way.

The thing you shouldn't do is this: You shouldn't wash your teeth and rinse your mouth out in the lavatory in which you wash your face and hands.

To do this is to flirt with disease. That which is brushed off the teeth and rinsed into the lavatory bowl is a mass of germs. To follow a rinsing with a washing of face and hands is likely to carry some of the germs onto delicate parts of the skin and into the eyes.

A better way is to have a dental lavatory in your bathroom. The space it occupies is small; it is convenient; it is a safety first fixture.

Rocky Mountain
National Park

The Low Cost of the Trip Will Surprise You

There's no denying the fact, the best investment many folks make is their vacation.

To enjoy the best of health and make the most of life, one must, of necessity, have an occasional change of environment, altitude, climate and method of everyday living.

So named because it represents the typical scenery of the higher Rockies—than which there is probably no mountain range more majestic—a rest-and-play land, a natural, wild, beautiful and healthful outdoors—this Park is a refuge of peaceful grandeur and a haven of quietness which has remade many a tired soul.

Here, hid away for a time, one leaves "nerves" behind while doing as one likes. The sportsman may hunt or fish, the worn-out loaf or ramble, the more energetic ride, drive, climb mountains or play golf or tennis. Kiddies scamper and grown-ups forget dignity and indigestion. All can be out every day in the pine-scented air and enjoy the upbuilding sleep which only the air of the mountains can induce.

An agreeable feature of this mountain paradise is its unrivaled variety of hotel accommodations, which range all the way from the "million-dollar" hostelry and broad-spreading rustic inn to the modest cottage and out-post tent.

Easy to reach and to see—hit the trail there this summer. Let me tell you more about it and let your home-town railroad take you there.

HUSBAND'S SLAYER WAS IDENTIFIED BY MRS. TESMER TUESDAY

Smiling Woman Bandit
Proves to Be Man,
However

(By The Associated Press)
CHICAGO, June 19.—Fred Thompson, who for several hours following his arrest today as the "smiling woman" bandit who shot and killed Richard C. Tesmer, during a holdup had police offi-

cial guessing as to whether he was a man or woman, tonight was declared to be a man after an examination.
Thompson, posing as the wife of Frank Carrick, arrested in the Carrick apartment, dressed to fit the part of Carrick's wife which role he is said to have filled for 14 years, was later taken before Tesmer's widow and there identified as the person who shot her husband. At the request of Mrs. Tesmer, Thompson still dressed in his female attire, was ordered to say a few words, then smile. Mrs. Tesmer, police say, cried that Thompson was the one who shot her husband and that his was a "gentle" and "one" that was on the face of the wom-

an bandit as she pulled the trigger the night of the holdup.
Thompson, his "husband" and another man and woman were found in the Carrick apartment when police raided it. Thompson played his part so well that police were in a quandry until Dr. Clara Seppel, a city physician, examined him and then ordered that the prisoner be sent to a headquarters for male prisoners and not confined in woman's quarters as previously had been ordered.
"God gave me a double nature," Thompson is reported to have told police under questioning. "When I was 18 years old I was chased out of my home by my father. I am 32 now. Fourteen years ago I was married to Frank Carrick at Crown Point. During recent years I appeared as a singer in a North Side Cabaret."

When arrested Thompson wore bobbed auburn hair, a black beaded dress, black silk pumps and black silk hose. In searching the apartment, several wigs, a loaded revolver and numerous photographs in both male and female attire were found.
Tesmer was shot as he stepped from his automobile when returning at night with his wife to their home. Two bandits, one believed to be a man, stopped them as they were about to enter the garage. Tesmer was shot by the woman during the holdup and the two escaped in the Tesmer car which later was found abandoned about two miles away.

GREENE CO. FARMERS MEET LABOR SHORTAGE

Farmers and Their Families Engage in Farm Work to Overcome Shortage in Labor Supply—Other News From Greene County.

White Hall, June 19.—Farmers in this locality are adjusting themselves to the labor shortage in a way that gives evidence of meeting a serious situation with the approach of the harvest season finding a shortage in the labor supply with a resultant demand for wages that is not in keeping with the present prices of farm crops. The season of farm operations has found fewer farmers in town, and they and their entire families, men and women alike, are engaged in farm work to such an extent that some farmers have been heard to remark that they find that they can do without the extra labor. The wheat threshing will not get much under way until July 1st. Some of the crop is so rank that it is down in places, but the general condition is excellent.

According to the weekly weather crop report for this station for the week ending Monday, only 0.55 of an inch of rain has fallen. The fall has been of the local shower type, and heavy showers have fallen in all directions from White Hall, some heavy enough to stop farming operations most of the week. A heavy shower fell on the Illinois river Sunday afternoon, but not a drop reached White Hall. The temperature average has been 74.1 degrees, the highest reading being 92 on the 18th and the lowest 56 on the 14th.

General crop conditions are excellent. Cherries are in such generous quantities that some growers offer their crop free for picking. Prospect for the apple crop continues excellent.

News Notes.
Rollin Frame and Troy Vermilion have gone to Chicago, the former to take a position in the postoffice and the latter in the general freight office of the Burlington.

Mrs. Clarence Mosier received only minor injuries by falling about ten feet Monday afternoon while picking cherries at the home on East Bridgeport street. She was resting on a ladder when the limb broke and precipitated her to the ground.

Mrs. Ward Hull is preparing to go to Ocean Park, N. J., for a sojourn of some length at the seaside home of Mr. and Mrs. W. P. Garabrant.

Mr. and Mrs. C. F. Wenken spent Tuesday in Springfield.

A booster trip has been arranged for Wednesday by the promoters of the Fourth of July dedication and celebration at White Hall. It will consume only the afternoon and the start will be made at 1 o'clock for Greenfield, where there has been hearty cooperation in the countrywide celebration at White Hall. Rockbridge and Carrollton will be the other important points visited, and it may be found possible to visit Eldred. The K. of P. band and a quartet will accompany the boosters, all traveling in autos.

HAGUE COURT INTERFERS IN WIRELESS NEWS DISPUTE

The Hague, (AP)—Property rights in news distributed by wireless is a subject now engaging the Dutch courts. One Dutch news agency sued another for intercepting and sending to its newspaper subscribers news sent to the first agency by wireless from a third agency in Berlin, each of the dispatches bearing as a prefix a notice that they were the copyright in Holland of the plaintiff agency which claimed message thus intercepted and distributed. The president of the Hague Court has ordered the defendant agency immediately to cease intercepting the wireless messages which the plaintiffs claimed as their property, until it has been judicially decided whether such interceptions are illegal or not, and ordering the defendants, in the former event, to pay \$10 for each item of news illegally intercepted and distributed.

New Service Fitted to New Possibilities

WE move swiftly in America—change is the order of the day—industrial economies are changing—labor relationships are changing. The size of the oil business is changing and the Standard Oil Company (Indiana) keeping step with progress, is changing its methods of doing business, to meet the new conditions as they arise.

We invent, and improve, and learn, and go ahead.

The Standard Oil Company (Indiana) developed the Burton Process to increase the recovery of gasoline to meet the demand caused by the increasing number of automotive machines. It improved merchandising methods until its distribution and marketing systems are the standard of efficiency for the industry.

The Standard Oil Company (Indiana) developed new methods of handling its business. Many of these are applied to administration inside the organization, — as for instance, the Industrial Relations Plan, the Annuity Plan, and the Stock Purchasing Plan, all of which have resulted in bringing the Company and its employees closer together.

Other methods have expanded the Company's activities in new directions, — as for instance, in the development of a chain of service stations located at convenient points throughout the ten Middle Western states where the motorist may secure his requirements of fuel and oil in such quantities as he may need.

This is but one of the many improvements which the Company has adopted to better the service which it is rendering the people of the Middle West.

All these methods tend to hold down prices. This is recognized in a recent article in Petroleum Age which says, "No other product or power of like value, obtained at such expense and under such hazardous conditions, is furnished the people at such reasonable prices at all points of the country, as oil and its products."

In the petroleum industry the real problem of the hour is service. The Standard Oil Company (Indiana) is continually fitting new service to new possibilities and adapting its established service to meet new conditions. This policy makes for prosperous business, without which no nation can hope for general prosperity.

As the demand for petroleum products increases, it will be found that the Standard Oil Company (Indiana) has put itself, by progressive development of new possibilities, in a position to give a service commensurate with the increasing demand.

Work Plus Saving Equals Success

There you have the real formula for success. FIRST—good, old-fashioned work. SECOND—the systematic saving of as much as possible of the rewards of your labor.

Today when incomes are high is the time to save. No man can tell what tomorrow may bring. Make the most of TODAY. The best way to do so is to open a Savings Account in this bank. Better do it NOW. We pay compound interest on all savings.

Where Quality Counts

One third of the cost of a good plumbing, heating or electric job is for work hidden from sight beneath walls and floors, and underground. Costly trouble is sure to develop unless this "unseen" work is properly done. Reliable materials and skillful workmanship cost less in the end—and we supply 'em.

WATER PAGEANT HAS BENEFICIAL PURPOSE

Cannot Hold Fete Until Late in Summer—Would Teach Young People Principles of Life Saving When in Water.

It will not be possible to hold the water pageant planned by the local Red Cross chapter in connection with the opening of the new bathing pool at Nichols park, until late in the summer, if at all. The park board has not been able to complete the pool as soon as expected, as shower baths have had to be installed to comply with the health regulations. This is requiring considerable time, and the pool will not be opened until about August 1st.

It is probable, however, that the water pageant will be held, though perhaps not on such an elaborate scale as might have been possible earlier in the summer. It is believed that the young people need to be impressed with the value of knowledge of swimming, first aid to the drowning, etc. The Red Cross thruout the country is undertaking to teach this work, and this would be one of the chief purposes of holding the water pageant here.

With the express purpose of eliminating the annual crop of drownings, the Red Cross is holding a National College for Life Savers and swimming instructors all next week at Williams Bay, Lake Geneva, Wisconsin, where one hundred fifty delegates are registered from fifteen Central and Western states. A score of the foremost authorities on swimming and life saving and canoeing have been assembled as instructors and a group of the foremost medical men of Chicago are to be in attendance to properly instruct the swimming instructors and life savers in the proper methods of resuscitating suffocated people who are victims of water accidents as well as those injured in other summer emergencies.

From Washington, D. C. comes Commodore W. E. Longfellow, Associate National Director of the Red Cross Life Saving Department and editor of the American Swimmer magazine, who will be the Dean of the Faculty and Captains A. Hyatt of Chicago, Charles B. Scully of New York, who has saved over four hundred lives, Captain Joseph S. Law of St. Louis, Captain William Kiehl of Cincinnati, and Captain Felix Janovsky of Chicago, all of the Red Cross Life Saving staff of instructors, will handle various phases of the program on water safety.

Such famous swimming coaches as Bill Bacharach of the I. A. C., Tom Robinson of Northwestern University, "Barney" Eckert of Sinal Center, C. E. Daurbert, Iowa State College, and Gene Roberts of the Detroit Board of Education, will help to keep the students busy during all the swimming periods.

The women swimmers of the country are represented by Miss Sara Hansen and Miss Ester Rutan of Chicago, Herta A. Toopen of St. Louis and Mrs. Edith Beamer instructor of the Detroit Women's Life Saving Corps, who is also a member of the Royal Life Saving Society of England.

CHURCH VACATION SCHOOL CONTINUES

With the temperature hovering around the simmering point, the children of the Daily Vacation Bible School are enjoying the cool of the church basements, these hot June days. Without contradiction, and with the exception of the cold storage plant, the J. D. V. B. S. has the coolest spot in town. A group of interesting little five year olds enjoyed a morning full of interesting things on Tuesday in the cool of the Grace M. E. church basement. They were in charge of Misses Wilma Williamson and Ruth Bradley. The only period when the intermediates become overheated in the Baptist church downstairs is when Miss Eudora Milburn puts them thru a series of calisthenics. At this church Miss Aileen Rabjohn is telling the Bible story daily and dramatizing it occasionally. The primary department is meeting in the basement of the Grace church in the north end of the building. Here Rev. T. H. Tull is acting as principal, and he is assisted by Miss Elizabeth Long, Mrs. Martin, who is pianist, Mrs. Scott, and Misses Lois Harney and Helen Paschall. The juniors are having a grand, good time down at Central Christian church where Miss Jennie Grassley is principal and Misses Edna Wardhaugh and Mildred George are assistants.

The habit story teller of the three schools is Miss Katherine Randle. During a brief absence from the city this week, Miss Whitlock proved her ability as an acceptable substitute.

Miss LaFern Hess, just over the intermediate age, is the accomplished pianist of the intermediate department. Miss Lorraine Torrey, who acts as secretary of this department, has charge also of the pine needle basket weaving during the craft hour, with a dozen pupils under her. Rev. A. P. Howells is principal of the intermediates. Large and small hammocks are being made by pupils under the direction of Miss Bertha Mason, with Charles Hopper lending a hand. Bird boxes are being planned for in the wood working department under the experienced direction of Martin Graff. Boys and girls are working side by side at the work benches carving out all sorts of useful things.

Children are being admitted to the classes every day. Two more weeks remain.

MONEY RECEIVED FOR AKERS TABLET

Twenty-five dollars has been received by Mrs. J. H. Danks from Dr. Cameron Harmon, president of McKendree College, to help secure a tablet in memory of Rev. Peter Akers in the Governor Joseph Duncan Memorial. Rev. Akers was one of the leading Methodist pastors in Illinois in the early days and was at one time president of McKendree college.

J. Wilson Akers, formerly an Illinois College student and now Superintendent of Schools in Bow Bells, N. D., a grandson of Rev. Akers has sent a check for the same sum.

LITERBERRY, ALEXANDER REPORT SEVERE STORMS

The citizens of Literberry "the cyclone town" received a stiff wind and a hard rain Monday evening. Ten telephone poles were blown down east of the village. Poles that carried ten wires. A big tree was also blown over and carried wires with it. Linemen were busy all day yesterday repairing the damage.

Alexander received a rain of three-fourths of an inch according to G. H. Hall, weather observer. There was no damage there.

MASS MEETING HELD AT C. OF C. LAST NIGHT

Members Discuss Policy of Organization for Ensuing Year—Will Hold Another Meeting Soon.

A mass meeting of the Chamber of Commerce was held last night in the offices of the organization with President R. Y. Rowe in the chair. The meeting was called to discuss a new policy or program, for the organization as all the planks in the old platform had been worked out.

J. H. McLaughlin, field secretary of the American City Bureau, of which the local Chamber of Commerce is part, was present and made an informal address. Homer S. Henly, formerly with the American City Bureau and now in the Cloverleaf offices here, was present and also spoke.

The trend of the discussion was toward greater industrial development of the city. Other planks proposed were: More extensive water mains; more extensive sewers, more pavement; support the local health societies, encourage the city plan commission; create a greater Morgan County Club; have Sunday picture shows; see that traffic regulations are carried out; have band concerts every Wednesday and Saturday night, and have more trade extension events.

Another group meeting of the chamber will be held soon so that every member will have a chance to express his opinion on what work the Chamber should carry out this coming year.

JOHN G. CAPPS WEDS MISS ELLEN M'CURLEY

Marriage of Well Known Young People was Solemnized in St. Louis Last Sunday.

Announcement has been received in this city of the marriage of John G. Capps of Hammond, Ind., and Miss Ellen McCurley of this city. The marriage took place on Sunday June 17, at St. Louis, Mo. The ceremony was performed by Rev. Mr. Britting at the King's Highway Baptist church in St. Louis. Miss Marion Capps of Alton, a sister of the groom, was the only attendant.

Mrs. Capps is a daughter of Mr. and Mrs. W. M. McCurley of 701 South West street. She is a graduate of the Illinois College Conservatory of Music and is a pianist of unusual ability. She accompanied a lyric company on a tour last winter and more recently has been doing chautauqua work.

Mr. Capps is a son of Mr. and Mrs. C. C. Capps of 252 Park street, this city. Following a number of months spent in the army service during the World war, he took up electrical work and for the past several years has been located at Hammond, Ind.

Mr. and Mrs. Capps are to make their home in Hammond, Ind. Both have numerous friends in this city who will join in extending best wishes.

W. C. T. U. HOLDS REGULAR MEETING

Pass Motion of Sympathy for Relatives of Girls—Urges Mayor to Forbid Park Dance During Chautauqua.

At the regular meeting of the W. C. T. U. yesterday afternoon the members placed themselves on record as being in sympathy with the relatives of the two girls who were so maliciously dealt with. The ladies further went on record as advising the parents of the city to warn their daughters to be careful as to who they associate with, and to thank the ministerial association for its efforts to secure a speedy dispensation of justice. The meeting also decided to send a petition urging the mayor to forbid the holding of public dances at Nichols Park during the sessions of the Jacksonville chautauqua.

ARMY RECRUITING PARTY ARRIVES HERE

An army recruiting party composed of Sergeants Charles W. Hitt and Harry E. Phillips, and Private Alstadt arrived by army truck from Jefferson Barracks near St. Louis yesterday afternoon and have pitched their "A" tent on the court house lot just west of the building on West Street.

Sergeant Hitt stated last night that they would be in Jacksonville until Friday night at least and if there were any chances for securing enlistments they would stay longer. The period of enlistment is three years.

They are making an especial effort in recruiting for the 6th infantry which is at present low in membership and a recruit's chances for quick promotion should be good with this regiment which is now stationed at Jefferson Barracks but which will probably be ordered soon to some of the island possessions and chances seem best for the Hawaiian Islands. The party however will accept recruits for all branches of service.

FORUM PROGRAM AT WHITE HALL SUNDAY

Interesting Program Carried Out at Princess Theatre Sunday Evening--Carrollton Man Was Speaker.

White Hall, June 18.—The Community Forum has been in operation at White Hall for one year, and its value has come to be recognized far and wide. It meets quarterly, and up to the present time has been meeting in the Princess theatre on Sunday night, being a creation of the pastor of the First Baptist church. The closing session in the theatre was held last Sunday night on account of the congregation returning to its remodeled and enlarged quarters in their church on Carrollton street next Sunday. Rev. Ellison counselled a continuance of the forum idea, saying that its full usefulness would not be apparent until it has been in operation five years. "Making America Safe for Democracy" was the general theme last Sunday night, and "Democracy in Politics" was handled by Rollins L. Scott of Carrollton, county superintendent of schools. He worked the subject back to the framing of the Constitution, which he stated was never intended as an instrument of democracy. It is not responsive to sudden changes, but slow and cumbersome in its movement. Intended to be that way. The tax burden is now the most pressing thing we have to contend with, quoting former Governor Lowden on that point. Law enforcement is largely dependent on the moral support of the people. He cited the case of the boy whipped to death in Florida with the Herrin massacre to contrast the difference between Illinois admitting its wrong and Illinois not being able to secure a conviction in its disgraceful affair. He cited the recent election in England as presenting clean-cut issues by the political parties. Politicians gives more attention to getting votes than in giving service. Justice E. L. Wendell conceded that the American Constitution was not intended to be democratic; that the American government is the least democratic of all the ten great civilized powers of the world, although the greatest nation. He declared that Canada will not become a part of the United States because our government is not immediately responsive to the will of the people as is the case in Canada. School Superintendent Wells in "Democracy in Industry" reviewed the struggle between capital and labor, saying there is no democracy in industry and neither can there be until there is a vast change in the ideas of the people. He recalled the interruption to railroad traffic by the shopmen's strike about a year ago that came to our own country in its violence, reciting some of his experiences in traveling during that period. He reiterated Mr. Scott's contention that corrective measures must begin in the school room, but adherence to contracts between labor and capital in the matters of pay and working conditions is a necessary element to ward off troubles that fall heaviest on the public. All differences must be worked out within. He held to Jesus Christ as the greatest exponent of democracy the world ever knew.

"Religion in Democracy" by Rev. L. E. Ellison was presented as a fundamental of the teachings of Jesus Christ, and in order to have this we must first have religion. Religious freedom was the impelling motive of our forefathers. There will be a deeper respect for religious freedom when we stand with bared heads and listen to Supreme Justice Thompson's address on July 4th. The child whose mind is moulded in the school room, must decide whether he is to be a helper in this democracy or a bolshevik. Whenever we work for the common good we are following a religious principle.

The discussion was participated in by C. Pearce and Dr. W. H. Garrison, the latter deploring the constant reaching out for federal and state aid in the growing desire to merely get by with as little labor as possible.

OAK LAWN SANATORIUM NEWS

The past week was a busy one at the sanatorium, as each day brought an unusually large number of visitors. The out of town people made tours of inspection of the institution and seemed to be very much interested by what they saw. Dr. Mosby of Chicago was one of the visitors.

William Ribelin a former patient who has recently been transferred to Milwaukee, took supper with his old pals Friday evening. The patients all came in for their share of the visitor.

Mrs. Charles Rannells of Chicago and Mrs. Belle Head of Carlinville visited Mrs. Frances Cully. Mrs. A. M. Sullivan and son, Richard former residents of Jacksonville motored down from Keokuk, Iowa to visit Mrs. Charles Hawkins.

Olin Steele of East Moline and C. L. Gay of Roodhouse called on Miss Eleanor Crouse.

Miss Mary Johnson spent Friday in town.

Miss Stockdale, Mrs. Robert Coe, Dr. Paul Allyn and wife of Waverly and Mrs. George T. Palmer of Springfield were callers on Miss Neva Turner.

The Waverly Woman's club presented the sanatorium with quensware to set the trays. This was very much appreciated.

Miss Florence Taylor received a call from Mrs. C. D. Wright of Springfield.

Mrs. H. D. Nortrup and son, Carl of Bluffs were in to see Miss Minnie Schroder.

Margaret Cody, C. P. Hedrick and Mrs. Raymond Scott of Meredosia visited Mrs. Inez Lear.

Mrs. R. I. Groce and family visited her husband and Vernon King and family visited his wife Sunday. They are residents of Winchester. Mr. Groce and Mrs. King are brother and sister.

Truman Daly's mother of Chapin was calling on him last week.

Ed Lesner, Frank Frizzell, John Utters and John Redfain, all ex-service men, are very much concerned over a rumor of a transfer to Milwaukee.

Dr. Roberts and family of Chapin expect to occupy their suite in the building soon. Dr. Roberts is the present resident physician.

Miss Bessie Ray of Murraville and R. Y. Gibson and family of Franklin were also calling on patients in the building.

LATEST NEWS OF THE SPORTING WORLD

ILLINOIS WINS BIG TEN GOLF TITLE

CHICAGO, June 19.—Illinois won the Big Ten golf championship on the Evanston Golf links today defeating Chicago the nearest competitor by five strokes. Individual championship play will start tomorrow between sixteen qualifiers.

Illinois team brought in a low score for the day of 643. Chicago followed close with 671. Wisconsin was third with 671. Chicago players made a desperate effort to defeat the Illinois four-men but the 14 stroke lead gained in the morning round was too much for Chicago.

The other team scores were: Northwestern 686; Michigan, 689; Purdue, 698; Ohio 717.

R. Rolfe of Illinois, turned in the low card of the day a total score of 154. J. Humphreys of Illinois was close behind with 157 and L. W. Hayes of Northwestern was 158.

Hayes made the nine holes out in the morning round in par.

The sixteen players qualifying for individual play are: Rolfe, Illinois; Miller, Chicago; Winters, Michigan; A. Bock, Wisconsin; Brown, Purdue; Deuschle, Ohio; Hartman, Chicago; Hayes, Northwestern; Swanson, Minnesota; Smith, Michigan; Windette, Chicago; Spendorff, Chicago; McDougal, Northwestern; Novotney, Illinois and Humphreys, Illinois; Hatch of Illinois also qualified but could not re-

SENATORS COME FROM BEHIND AND WIN

WASHINGTON, June 19.—Washington twice came from behind to take the second game of the series from Cleveland today, 7 to 6. Smith was invincible until the seventh when he was battered out of the box and Uhl's successor issued passes to the two men he faced, forcing in the tying run.

Score: Cleveland, 6; Senators, 7. Uhl, 5; Smith, 4; Edwards, 3; O'Neill, 2; Warmouth, 1; Zachary, 1; Brillheart, Russell and Ruel.

REDS WIN PITCHERS' BATTLE FROM DODGERS

CINCINNATI, O., June 19.—Luque and Grimes indulged in a tense pitchers' battle here today. Cincinnati winning out over Brooklyn 1 to 0 in the last half of the eleventh on hits by Roush and Pinelli, a wild throw by Johnston and Hargrave's sacrifice fly. It was Luque's ninth victory out of 10 starts this season and he has not been scored on for the last 25 innings.

FUSSELL UNABLE TO HOLD PHILADELPHIA

Given Two Run Lead but Phillies Come Back in Net Inning and Score Three Runs and Win Game

CHICAGO, June 19.—Fred Fussell was unable to hold the lead after Chicago had gone two runs in front of Philadelphia in the seventh inning when the visitors pounded him for four hits, which with a wild throw by Stutz gave them a 4 to 3 victory. Ring pitched great ball with the exception of the seventh inning when the locals staged their rally.

WHITE SOX POUND SLIM HARRIS HARD

Also Hit Helms and Ogden Hard—Collins Also Does Some Brilliant Fielding

PHILADELPHIA, June 19.—Chicago drove "Slim" Harris off the mound today and handed Philadelphia a lacing, 12 to 3. Collins, first man to face Helms, sent the ball over the fence for a home run scoring two mates ahead of him. Hooper, first to face Ogden in the ninth also hit a home run over the right field wall. Collins sparked on the field stopping several Athletic rallies.

TOM GIBBONS TAKES STRENUOUS WORKOUT

SHELBY, Mont., June 19.—(By The Associated Press) While Shelby was shivering in another chilly downpour that lasted through the day, Tom Gibbons this afternoon indulged in the most strenuous workout he has had since he began training for his title bout here with Jack Dempsey, July 4.

In the "Green Light," a cavernous, rambling structure of rough hewn pine boards, a dance hall reminiscent of those early days in the west the challenger faced three sparring partners in a strenuous hour's work equivalent to a fast fifteen round bout. Syncopated strains from a jazz orchestra ushered in the afternoon session for 300 spectators who watched the challenger work. Tillie (Kid) Herman, engaged the challenger in a furious three rounds that completed the workout after Gibbons had skipped rope, gone thru three rounds of shadow boxing and clashed with two other sparring partners.

The challenger met Herman's onslaught with a hard straight left that jabbed in and out with bewildering rapidity and accuracy. Frequently he slammed in a right cross and dug into Herman's lower ribs with a twisting right smash. Gibbons was more savage with his sparring mates today than he has been heretofore and at the end of the bouts they were bleeding profusely and badly winded. He was going at top speed despite the handicap of a rainsoaked floor. George Barton, a sport writer of Minneapolis has been selected as alternate referee for the battle July 4 to serve in case it is impossible for Jimmy Daugherty of Philadelphia to officiate.

HOME RUNS GIVE YANKEES VICTORY

NEW YORK, June 19.—Home runs by Hofmann and Pipp were the determining factors in giving the Yankees a 6 to 5 victory over Detroit in the third game of the series today. Hofmann hit his home run off Cole in the second inning and Pipp hit another in the seventh inning scoring Ruth ahead of him. Blue, Detroit first baseman was knocked unconscious by a batted ball during fielding practice but he played in the game New York permitting Francis to run for him after he singled in the first inning.

Score: Detroit . . . 000 102 002—5 12 0 New York . . . 031 000 20x—6 11 1 Cole, Dauss, Johnson and Bassler; Jones and Hofmann.

M'QUILLAN BLANKS CARDINALS 4 TO 0

Good Fielding by Team Mates Also Helps—Frisch Hits Home Run

ST. LOUIS, Mo., June 19.—Aided by good fielding, McQuillan held St. Louis to seven safeties and New York won today's contest 4 to 0 taking a 2 to 1 lead on the four game series. Frisch hit into the right field stands for a home run in the fifth inning.

YANKEES ARE SHUT OUT BY OXVILLE

Fast Game Goes 5 to 0 Against Them—Zell and Parker Both Pitch Good Ball

In a very fast and hotly contested game at OXVILLE Sunday, the Yankee Athletic club nine were shutout by the OXVILLE Grays. The game was one of the fastest played at OXVILLE this season the score standing 0 to 0 until the sixth inning.

Zell for Jacksonville and Parker for OXVILLE both worked in fine form and it was only by the timely hitting coupled with bases on balls that gave them the game, as the OXVILLE players were unable to gather but four singles from the offerings of Zell, but these singles came when hits meant runs. The playing of McGhee at short stop for the Yankees was spectacular.

In the sixth Kilver, first up singled to right, stole second, and was sacrificed to third by Adams; Parker walked, took second; Gilman singled to right scoring Kilver and Parker. Cox and Merriman struck out ending the inning. In the eighth inning, Parker grounded to McGhee and was thrown out at first. Kilver singled to right; Gilman reached first on Pulasky's error; Adams walked filling the bases; J. Parker walked forcing in one run. R. Gilman singled to left scoring E. Gilman and Adams. Cox struck out and Merriman struck out, ending the inning.

The Yankees will play the Arenzville Grays at Arenzville June 24th. The Yankees have a fast winning combination, but were somewhat crippled in the game at OXVILLE due to Gebert, Norris, Dollar and Murphy leaving, but will present a much stronger line-up at Arenzville next Sunday. Any teams wishing to book with the Yankees can do so by writing William Wagner, 502 East North street.

Mrs. C. A. Castle was among the Tuesday shoppers from Bluffs.

DEMPSEY COMPELLED TO WORK INSIDE

GREAT FALLS, Mont., June 19.—(By The Associated Press) A heavy rain storm of all day duration forced Jack Dempsey who already is suffering from a slight cold to work out today in the old dance pavilion converted into an indoor gymnasium at his camp and to cancel his usual run over the hills.

The champion indulged in a work equivalent to ten rounds, boxing six rounds with a trio of sparring partners before running back thru the rain to his living quarters for his calisthenics and brisk rub down.

IS SERIOUSLY ILL.

BRUNSWICK Tires and Tubes

There are no secrets or patents to prevent the building of a super-tire.

Expert knowledge and skilled labor the available. The markets of the world are open to all who can buy.

For seventy-five years the "House of Brunswick" has stood at the forefront in every line in which it has been engaged.

The Brunswick creed has always been "to pay perfection's price and make a super article" to make the best first and consider the cost afterwards.

Which accounts for the hearty reception accorded Brunswick Tires and Tubes by the motoring public.

Brunswick Tires and Tubes are a revelation in every way worthy of the confidence which motorist place in them.

You don't have to experiment with the Brunswick Tire. We've done that for you. And one Brunswick will convince you that no better tire is possible regardless of price.

Buy one. Try it. Keep its record. Then decide if you ever knew its equal.

New York, June 19.—Stocks
prices displayed a better tone in
today's active dealing on the stock
exchange today but there were in-
dications of frightened and forced
liquidation and short selling thur-
out the day which gave the market
a spotty appearance. Several
of the leaders stumbled to new low
records before sufficient buying
set in to stem the tide of selling
orders. Official denial of the
widespread rumors that several
brokerage houses were in finan-
cial difficulties did much to dis-
pel the pessimism that was so pre-
valent in yesterday's late dealings.
Speculators for the decline made
repeated assaults on the list but in
many instances the encountered
substantial buying orders placed
on the belief that the recent reac-
tion had been overdone and that
technical conditions warranted a
rally. Oils were rather unstable
because of unfavorable trade con-
ditions the Pan-American issues,
Texas company, California Petrol-
eum, Producers and Refiners,
General Asphalt and a number of
others falling to new prices for
the year. United States Steel
touched another new low at 92 1/4
and then rallied to 92 1/2 up 1/4.
Rails held up well in the first few
hours of trading but they gave
way in the afternoon reaction and
many of them closed at net losses
on the day. Chesapeake and Ohio,
Lackawanna, Illinois Central, New
Orleans, Texas and Mexico and
Portland & Southern dropped back
1 to 3 points.
Prices held fairly steady today
in the United States government
group.

BUTTER MARKET WAS WEAK YESTERDAY

CHICAGO, June 19.—Trading
was very quiet and the butter
market here today was weak;
dealers were not only free sellers
but in many instances were will-
ing to shade prices especially on
top score a half cent. Buyers
held off as much as possible and
took some orders at prices which
would force them to buy below the
prices quoted. Supplies showed
no indication; the car market was
also quiet but hardly as weak as
the market for miscellaneous lots,
a few cars changed hands at the
below quoted prices for the day.

ASHLAND LADIES HAD
BIRTHDAY SOCIAL

Sunday School Class of M. E. Church Had All Day Meeting at Hmco of Mrs. Sarah Wyatt—Other Ashland News.

Ashland June 17.—The monthly birthday social of the Martha Sunday school class of the Methodist church was held Thursday. And as no one had a birthday during the month the class was entertained at the home of Mrs. Sarah Wyatt, with an all-day sewing for six orphan children the class is caring for at Normal, Ill. Each took with them something to eat but Mrs. Wyatt had already prepared an excellent dinner, which they all greatly enjoyed.

Mr. and Mrs. Harry Reed were Jacksonville visitors Friday. Mr. and Mrs. Allen Rearick left Thursday for their home in New York after a visit here with his brother W. S. Rearick and family and relatives in Galesburg Ill.

Mr. and Mrs. Harry Lohman were business callers in Springfield Thursday.

Russel Rains a pupil from Eureka College is home and will spend the summer with his parents.

Mr. and Mrs. W. F. McLaughlin and Mrs. Anna Plain drove to Springfield Thursday and spent the afternoon shopping.

Rev. W. S. Phillips of Carlinville Ill., has returned home after a visit here with his cousin Mrs. Martha Wallbaum.

Miss Bertha Milstead has arrived in Ashland from Shelby, Kans., and after a brief stay with Mrs. Sarah Wyatt and family will take a course this summer at the Chicago University.

Mr. and Mrs. George S. Burgen were guests Friday and Saturday in Jacksonville of her brother A. J. Jones.

Mae Ruth daughter of Mr. and Mrs. C. W. Henderson of West Menard was awarded the Gold Cup by the Menard County Bankers for the best penmanship.

Mr. C. L. Hewitt and Mrs. R. C. Douglas left Friday for a days stay in Peoria with Mr. and Mrs. Jessie Douglas.

E. A. Wallbaum and son were Ashland visitors Friday afternoon from Pleasant Plains.

Mrs. Emma Plunke and Miss Mary Gootman were Jacksonville visitors Friday.

Charles McGraugh was calling on relatives Friday from Springfield.

Mr. and Mrs. J. A. Way drove to Beardstown Friday to meet their granddaughter Leone from Table Grove Ill., who returned with them for an indefinite time while her parents Mr. and Mrs. R. P. Elvidrige and daughters Wiona and Maxine will visit relatives in Kansas making the trip thru in their car from Table Grove.

Miss Helena Betcher departed Saturday morning for Chicago where she expects to spend the summer.

Mrs. Henry Awalt was an Ashland caller Saturday from Pleasant Plains.

A pretty wedding ceremony took place Tuesday when Miss Ethel Wyatt of Ashland became the bride of Clarence Batty of Divernon Ill. The ceremony took place at the parsonage of the Kumber Methodist church in Springfield. The only attendants were Mr. and Mrs. W. Eckman. The bride is the daughter of Mrs. Sarah Wyatt of Ashland.

The Misses Jessie Parsons, Grace Baily, Lula Brunbeck and Mae Kendall are enjoying a few days outing at Matanza Lake.

Mrs. William Gerbing and son Travis O'Haren were Springfield visitors Saturday.

Mrs. P. W. Bast and children were in Tallula Thursday and spent the day with relatives.

Mr. and Mrs. J. C. Couchman were among those present on our streets Saturday afternoon from near Tallula.

John Adkins was a business caller here Saturday from Prentice.

Mr. and Mrs. J. A. Way and Leone Elvidrige of Table Grove drove to Virginia Saturday afternoon and called on Mr. and Mrs. Arch Cunningham.

ERECT NEW BUILDING
ON OLD STRYKER LOT

William Wright Builds Structure to Be Occupied by Plant of Roach Press—Lot Is Former Site of Livery Barn

A building 60 by 80 feet is being erected on the old Henry Stryker lot on South Main street. The foundations are already laid and work has started on the walls. The building is being put up by William Wright, who has sold the north half of it to the Roach Press. This firm will occupy the new quarters as soon as they are completed, which will probably be about September 1st.

The south half of the building is to be used as a garage. However, no lease has yet been signed. The remodeling of the old Cloverleaf building on East State street has made necessary the moving of the Roach plant to new quarters. The building now being

erected will be much more spacious than the present location. It will be one story and is being erected on the garage plan.

The lot on which the building is being placed formerly belonged to the late Henry Stryker. It was for many years occupied by a livery barn, which burned about 12 years ago. The barn was last run by James Terry, and was at one time under the management of John Reed, the present county humane officer.

JACKSONVILLE LODGE
TO CONFER 3RD RANK

Pythians Plan to Give Rank of Knight Next Monday Evening—Will Serve Supper—New Uniforms to Be Used

Jacksonville Lodge No. 152, Knights of Pythias, is planning to close the work of the season with a third rank ceremony next Monday evening at their quarters in the Illinois Temple on East State street. The Rank of Knight will be conferred on several candidates by a degree team consisting of the older members of the lodge, with L. O. Vaughn as captain.

A supper will precede the work, being served at about 6:30 o'clock in the Temple dining room. The new uniforms and equipment for

Ice Cream Supper, Helbron church given by Helping Class Thursday evening.

the degree team have arrived and have proved altogether satisfactory. These will be used with good effect at the ceremony next Monday evening. A large attendance of members is expected.
